

Fragments and Thread

16th -17th January 2021

Two day workshop

with...**Michele Elliot**

Fabric and clothing hold memories. The weaver, the maker and the wearer all leave their imprint; worn out and much-loved clothes equally so.

Join artist Michele Elliot in a contemplative textile workshop focused on embroidery and cloth collage.

Using a range of materials, Michele will guide you through a simple design process, teach you some basic hand-stitch techniques and work with you to create a unique cloth artwork imbued with your own sense of a memory.

Some materials and equipment provided; participants will be asked to bring one or two specific items and some fabric/clothing scraps from home to incorporate into their project.

Suitable for all levels
of experience
