Introductory Workshop - A sampler with a difference, working on 5 sections at Summer School and a further 4 early in 2025

SUMMER SCHOOL 2025

Patterns

2 Day Workshop
Saturday 11th January &
Sunday 12th January

This sampler is divided into 9 sections. There is a large cross shape in the centre of the fabric leaving 4 corner sections. Within the cross shape there are birds, insects, anything to do with nature. The 4 corners are filled with stitching which is the exact colour of the fabric. The idea is to work on any of the 9 sections at one time. A work in progress.
