Patterns

2 Day Workshop
Wednesday 22nd January &
Thursday 23rd January

Metal Thread Embroidery
Students will explore the potential of metal threads to form patterns. Stitch the samples shown or vary them to make your own.

Explore the way in which metal threads can be used to form grid patterns. Students can either stitch the samples as shown in the class or have fun creating their own.

A kit including kid leather, beads, metal threads etc will be available.
