Workshops Offered at Stitch-In 2019:

TWO-SIDED NEEDLEWEAVING with Yvonne Wilcock

Yvonne is offering a workshop in needleweaving, a versatile technique with a long and interesting history.

In this workshop, you will explore effects gained after fabric threads are cut and drawn back, in both vertical and horizontal directions, leaving two layers.

The needleweaving is worked using the loose fabric threads and creating an interesting image.

Some items will be provided by Yvonne in a kit which will cost approximately \$15.

Suitable for all embroiderers.

TIED IN A KNOT with Margaret Gollan

Technique: surface stitchery

Experience: all levels

This workshop begins learning a couple of interlacing stitches. Once you have the rhythm of the stitches the interlacing flows smoothly.

You will then use your new found skills and confidence to design an oversized needlecase/ book cover/ panel. The design will be transferred to the fabric using soluble fabric.

As interlacing is a feature of some Indian embroidery styles, your design should be worked in your favourite bright colours using Perle 5 or Perle 8 (or a combination) – depending on the texture look you want.
